Hello Fellow Drug Testing Professionals,

My Name is Dr. William Brooks, I am a candidate for the NDASA Board of Directors. I am asking for your vote to put me back on the Board of Directors for NDASA in 2024.

As many may know, I am a founding member of NDASA, I currently am a member of the NDASA Advisory Board, I am engaged on multiple committees (Government Affairs, Education, Employers) and I am part of the training cadre for NDASA. I was fortunate to sit on the Inaugural Board of Directors and functioned as the Vice Chair. I am familiar with the workings of the Board and look forward to getting up to speed on all the great things the Board has going on now. I especially look forward to representing you, as a Board member in 2024.

I have been in the industry since the 1980's. My current MRO/TPA/Consulting Practice was originated in 1990, you may know it as ADVANTAGECARE, Inc. I am considered a Mentor and Subject Matter Expert in the industry and by NDASA. I have been certified as an MRO through AAMRO since November 1994. I unlike many other MRO's have taken a more active roll in education through out the years. I have been an Mentor to new industry professionals, Instructor/Trainer/Lecturer for CPCT, BAT, DER, Supervisor training and more. I have sat on drug related committees in the State of Florida for many years, one of which was to promulgate the current Rules and Regulations for what is the Florida Drug Free Workplace Act. AS you may know Florida was the leader in DFWP setting the standards for many other states to emulate.

I am very interested in getting back on the Board, to help voice your thoughts, needs and desires for the direction you would like to see NDASA and our Industry go forward into the future. Please vote for me.

Respectfully,

Dr. William D. Brooks, AAMRO
